- **NO ONE**, (camper, adult or staff) may ride in the back of a pickup truck, even with a shell. Seat belts are to be worn by all.

ADVANCEMENTS

Activities of this event are designed for the Cub Scout and their adult partner to have fun. Some of the activities can be applied to Belt Loops and other advancement requirements, however Akela is responsible for taking care of approval.

Please Note: Shooting sports cannot complete their belt loops due to time constraints. The focus of the Range Masters is to allow every Cub Scout to shoot at least one time on their range. BSA requires that they cover safety every time a Cub Scout approaches a BB or Archery Range, we apologize for any waits you might encounter.
